## Qualified Charitable Distribution (QCD) Information

---

A Qualified Charitable Distribution (QCD) from your IRA may be a strategy you consider to make the most of your charitable giving and offers the potential for tax savings. **A QCD is the direct transfer of funds from your IRA custodian, payable to The Foundation for Evangelism or other qualified charity.**

Remember that you will receive a 1099-R for this distribution, so we recommend that you consult with your tax advisor before making the decision to use a QCD.

If these criteria apply to you, consider a QCD giving plan:

1. The Donor is 70½ years old or older.
2. The amount distributed does not exceed \$105,000 for this calendar year.
3. The distribution is being made directly to a qualified charity (The Foundation for Evangelism).
